VIRTUAL
EVENT

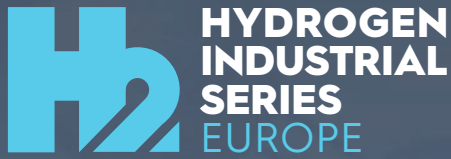

**HYDROGEN
INDUSTRIAL
SERIES
EUROPE**

7 July 2021

hydrogen-event.com

Organised by:
WISDOM

Given the success of the Global Hydrogen Industrial Series, Wisdom is excited to announce the Hydrogen Industrial Series-Europe, taking place on 7 July 2021.

Hydrogen became a central business opportunity for a great number of companies across the entire value chain and the incredible partnership opportunities came into place. With Europe fast heading towards zero emission target, alongside the worldwide transformation across businesses, alliance amongst major players across the value chain is inevitable.

The Hydrogen Industrial Series - Europe will bring together key industry stakeholders, already established in the market, as well as those entering the hydrogen industry, to share their experience and future strategy plans, enhancing business profitability alongside overall transition in the energy arena.

Join us to connect with your peers, for a senior meeting debating the future strategy plans of the key European players across the Hydrogen value chain.

KEY TOPICS

- European and National Strategies Towards Hydrogen Market Integration
- Hydrogen Production Strategies and Joint Ventures Projects in Europe
- Expanding Key Hydrogen Business Applications and Market Use in Energy Sector
- Mobility Transformation of the Future: Hydrogen and Fuel Cell Vehicles Applications
- Cutting Edge Technology Advancements: Linking Together the Hydrogen Value Chain Players

WHO WILL ATTEND

The Conference invites experts and senior executives across the whole Hydrogen and fuel cells industry interested in meeting potential partners, creating business opportunities and gaining knowledge on the latest advancements to aid growth in markets.

Presidents and Vice Presidents, Managers, Directors, Portfolio Managers, Heads of Production, Business Development Managers, Industry Expert Advisors, Partners and Stakeholders of:

- Hydrogen Producers and Suppliers
- Fuel Cell Companies
- Automotive OEMs
- Hydrogen Storage Companies
- Regulatory Bodies & Government Officials
- Technology Providers
- Component Manufacturers Industrial End-users
- Financial Stakeholders and Investors
- Sustainability and Mobility Technology Providers
- Energy Companies
- Integrated Oil & Gas Companies

Unparalleled sponsorship and exhibition opportunities are available for technology providers, consulting companies, investors, banks, engineering companies and solution providers to present their products and solutions while connecting with key players within the hydrogen arena.

Attendee profile breakdown by Job Title:

48.89%

Directors / VPs /
Senior Executives

19.45%

Business Development
Market Reserch

15.34%

Presidents / CEOs

9.66%

Policy Advisory
Regulators

6.66%

Founders
Board Members

SERIES SPONSORS

Gold Sponsor

Silver Sponsor

Associate Sponsor

Exhibitors

MEDIA PARTNERS

Industry Events.

Eva Hennig
Head of EU Energy Policy
Thuga

Jorgo Chatzimarkakis
Secretary General
Hydrogen Europe

Michael Schmöltzer
Chair of GIE's Hydrogen
Regulation TF
GIE - Gas Infrastructure
Europe

Rene Schutte
Program Manager Hydrogen
Gasunie

Bart Biebuyck
Executive Director
Fuel Cells and Hydrogen
Joint Undertaking
(FCH JU)

Christian Mohrdieck
Managing Director
Cellcentric

Andrea Pisano
Head of Energy Evolution
ENI

Dr. Hans Dieter Hermes
Managing Partner
EnC Energy & Comfort GmbH -
Consulting Services

Floris Van Forest
Business Development Manager
Port of Amsterdam

John Egan
North West Regional Lead
Progressive Energy

Maarten Van Haute
Alternative Fuels Officer
Q8 Research

Stefanie Beck
Policy Advisor
TOYOTA

Benjamin Jodecke
Automotive Relations Manager
H2 Mobility

Dr Tudor Constantinescu
Principal Advisor to the
Director General
European Commission
(Directorate General for Energy)

Robert Paulsteiner
Hydrogen Technologist
VERBUND

AGENDA

Wednesday 7 July 2021

Central European Summer Time (CEST)

09:00 Chair Opening Remarks

09:10 **European and National Strategies Towards Hydrogen Market Integration**

Jorgo Chatzimarkakis, Secretary General, Hydrogen Europe

Michael Schmoltzer, Chair of GIE's Hydrogen Regulation TF, GIE - Gas Infrastructure Europe
How Gas Infrastructure Operators can foster the development of the hydrogen market in Europe

Eva Hennig, Head of EU Energy Policy, Thuga
The contribution of gas DSO and local energy companies to facilitate the hydrogen development

Dr Tudor Constantinescu, Principal Adviser, European Commission

10:50 **Hydrogen Production Strategies and Joint Ventures Projects in Europe**

Dr. Hans Dieter Hermes, Managing Partner, EnC Energy & Comfort GmbH - Consulting Services
The Way to a Hydrogen Market in 2050: Boosts and Barriers

Floris Van Foreest, Business Development Manager, Port of Amsterdam
Building sustainable hydrogen clusters and the role of ports.

John Egan, North West Regional Lead, PROGRESSIVE ENERGY
HyNet – unlocking net zero

12:10 **Building New Hydrogen Ecosystem in Netherlands**

Rene Schutte, Program Manager Hydrogen, GASUNIE

12:40 **Expanding Key Hydrogen Business Applications and Market Use in Energy Sector**

Andrea Pisano, Head of Energy Evolution, ENI
The Role of Hydrogen in an Integrated Energy Company

Maarten Van Haute, Alternative Fuels Officer, Q8 Research
Project SherLOHck: improvement of LOHC technology for hydrogen storage and transport

13:30 **Mobility Transformation of the Future: Hydrogen and Fuel Cell Vehicles Applications**

Christian Mohrdieck, Managing Director, Cellcentric

Fuel Cells as Enabler for Zero-Emission Heavy-Duty Applications

Stefanie Beck, Policy Advisor, TOYOTA

Hydrogen as part of TOYOTA's mobility strategy

Benjamin Jödecke, Automotive Relations Manager, H2 Mobility

Building and Operating a Hydrogen Refuelling Infrastructure

14:45 **Cutting Edge Technology Advancements: Linking Together the Hydrogen Value Chain Players**

Robert Paulsteiner, Hydrogen Technologist, VERBUND

H2FUTURE – Green Hydrogen for the Steel Industry'

Bart Biebuyck, Executive Director, Fuel Cells and Hydrogen Joint Undertaking (FCH JU)

Hydrogen Valleys a test bet for cutting edge Hydrogen technology

15:40 **End of the Event**
